What are the major challenges and opportunities facing ECAR today in the Area you work in and what suggestions do you have to resolve these matters?

As Realtors® we face many challenges but the most pressing in our current real estate market seems to be attainable housing for tenants and potential homeowners. ECAR should continue to play a key role in advocating for tenant rights.

What opportunities do you envision for ECAR's future?

Seeking out opportunities with government and military agencies to create and discover opportunities for our local contractors to address aged inventory at an affordable price.

Describe your perception of the role of ECAR Director and the reasons you believe you are qualified to serve in this position. Include your strengths that would be an asset to the Association.

This Director role is key to both the property management and residential side of our brokerages. Both sides should be working together to strengthen the transition from tenancy to homeownership.
